

Appl. No. 10/808,744  
Amdt. dated December 12, 2005  
Reply to Office Action of September 19, 2005

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (Currently Amended) A wiping product comprising a non-woven fibrous sheet having a dry sheet bulk of 2 cubic centimeters or greater per gram, said sheet containing a an aqueous solution of a deliquescent material and having an equilibrium moisture content of 10 dry weight percent or greater.
2. (Original) The product of claim 1 wherein the non-woven fibrous sheet comprises cellulose papermaking fibers.
3. (Original) The product of claim 1 wherein the non-woven fibrous sheet comprises synthetic fibers.
4. (Original) The product of claim 1 wherein the amount of the deliquescent material in the sheet is from about 2 to about 150 weight percent based on dry fiber.
5. (Original) The product of claim 1 wherein the amount of the deliquescent material in the sheet is from about 2 to about 125 weight percent based on dry fiber.
6. (Original) The product of claim 1 wherein the amount of the deliquescent material in the sheet is from about 3 to about 125 weight percent based on dry fiber.
7. (Original) The product of claim 1 wherein the amount of the deliquescent material in the sheet is from about 5 to about 100 weight percent based on dry fiber.

8. (Original) The product of claim 1 wherein the amount of the deliquescent material in the sheet is from about 5 to about 75 weight percent based on dry fiber.
9. (Original) The product of claim 1 wherein the amount of the deliquescent material in the sheet is from about 5 to about 50 weight percent based on dry fiber.
10. (Original) The product of claim 1 wherein the amount of the deliquescent material in the sheet is from about 10 to about 50 weight percent based on dry fiber.
11. (Original) The product of claim 1 wherein the equilibrium moisture content of the sheet is about 30 weight percent or greater based on dry fiber.
12. (Original) The product of claim 1 wherein the equilibrium moisture content of the sheet is about 60 weight percent or greater based on dry fiber.
13. (Original) The product of claim 1 wherein the equilibrium moisture content of the sheet is about 100 weight percent or greater based on dry fiber.
14. (Original) The product of claim 1 wherein the equilibrium moisture content of the sheet is from about 30 to about 120 weight percent based on dry fiber.
15. (Original) The product of claim 1 wherein the equilibrium moisture content of the sheet is from about 50 to about 100 weight percent based on dry fiber.
16. (Original) The product of claim 1 wherein the equilibrium moisture content of the sheet is from about 10 to about 50 weight percent based on dry fiber.

17. (Original) The product of claim 1 wherein the equilibrium moisture content of the sheet is from about 15 to about 50 weight percent based on dry fiber.
18. (Original) The product of claim 1 wherein the equilibrium moisture content of the sheet is from about 20 to about 50 weight percent based on dry fiber.
19. (Original) The product of claim 1 wherein the deliquescent material is a salt selected from the group consisting of aluminates, calcium chloride, lithium chloride, sodium acetate, potassium acetate, ammonium acetate and trimethylamine n-oxide.
20. (Original) The product of claim 1 wherein the deliquescent material is lithium chloride.
21. (Original) The product of claim 1 wherein the deliquescent material is calcium chloride.
22. (Original) The product of claim 1 wherein said product is a facial tissue.
23. (Original) The product of claim 1 wherein said product is a bath tissue.
24. (Original) The product of claim 1 wherein said product is a paper towel.
25. (Original) The product of claim 1 wherein said product is a wet wipe.
26. (Original) The product of claim 1 wherein said product is a wet wipe containing a water-dispersible binder.
27. (Original) The product of claim 1 wherein said product is water-dispersible.
